Subject: Cancellation and Continuance of Conditional Use Hearings for Off Premises Signs

Dear Property Owner,

As a follow-up to the Township's previous correspondence dated June 15, 2020 – this letter serves to inform all parties that the ongoing Conditional Use hearings for the three electronic off-premises signs proposed by E. Whiteland Outdoor, LLC have been **cancelled** and **continued** until further notice.

The Applicant has provided the Township with an extension of time to fulfill the relevant hearing requirements until August 15, 2020. New hearing dates have not yet been determined. Once the hearings have been rescheduled, a new legal notice and letter will be transmitted.

In the meantime, the Township encourages all individuals who have entered their appearance and been granted party status at previous hearings to contact staff at their earliest convenience to provide contact information (phone, email, etc.).

Please continue to monitor the Township website for more information on all municipal operations, including public meeting schedules and hearing dates: <http://www.eastwhiteland.org/>

If you have any questions regarding the hearings, please feel free to contact me!

Sincerely,

Zachary Barner, AICP

Director of Planning & Development

East Whiteland Township
